WHO IS EVAN SAYET?

Evan was born in New York city and went to school in Rochester, New York. He would soon move out to Hollywood in order to pursue a career as a stand-up comedian, television writer, and eventually video producer as well. However, post 9-11, he rethought (or more accurately, thought about for the first time) his political and social beliefs. Evan recognized that he had been acting as a knee-jerk Liberal, but was, in reality, a conservative at heart. From that moment, he has dedicated himself to conserving and promoting the values of the America that has given him freedom and allowed him to pursue his life of liberty and happiness.

Here are some excerpts from Evan Sayet's speeches and writings

Nationalism vs Socialism.

"What we are witnessing around the globe is perhaps the final battle of a war that started at the end of World War II. At that time, the world recognized that nothing like National Socialism could ever be allowed to happen again. The Left took advantage of this opportunity to convince the world that the evils of national socialism was nationalism. This would clear the deck for socialism – now an INTERNATIONAL socialism – which would then rule the world. The devastating consequences of socialism, however, are now being fully recognized and thus – perhaps just in the nick of time – we are witnessing the return of nationalism." Summary based on Feb, 2007 speech for American Freedom Alliance.

The Liberals War Against America.

"The Left has been engaged in a war against America since the rise of the Children of the '60s. To them, it has been an all-out war where nothing is held sacred and nothing is seen as beyond the pale. It has been a war they've fought with violence, the threat of violence, demagoguery and lies from day one – the violent take-over of the universities – till today. The problem is that, through these years, the Left has been the only side fighting this war. While the Left has been taking a knife to anyone who stands in their way, the Right has continued to act with dignity, collegiality and propriety. With Donald Trump, this all has come to an end. Donald Trump is America's first wartime president in the Culture War." From "He Fights" article in Townhall, July, 2017
